Subject index

Indexer: Dr Laurence Errington

A
Abciximab, 64
Adolescents/young people, provision of care for, 307
Airway, artificial, suctioning with, 79
Analgesia, opiate, 355
Antiplatelet agents, glycoprotein IIa/IIIb inhibitors as, 64
Atelectasis, X-ray, 67

B
Bi-level positive airway pressure (BiPAP), 310
Bullae, pulmonary, X-ray, 193

C
Cardiac rehabilitation, patients' interpretation of myocardial infarction symptoms and implications for, 342
Catheters, central, peripherally inserted, 37
Central catheters, peripherally inserted, 37
Chest X-ray quiz, 67, 131, 193, 255
Children
  high dependency provision in UK, 109
  intubated, sedation protocol, 292
  provision of critical care for, 307
  renal critical care educator, 250
  students' view on assessment processes in intensive care nursing courses, 56
Comprehensive Critical Care for Adults, DoH report on, 71
Continuous veno-venous haemofiltration, paediatric ICU, 250
Coping strategies with friend or relative in critical care, 96
Critical care outreach services, *see* Outreach services

D
Diabetes
  glitazones, 189
  insulin, 128
Diaphragm rupture, X-ray, 255
Discharge from ICU
  patient's experience, 320
  planning, ICU nurses' perceptions, 90
Drug therapy review
  glitazones, 189
  glycoprotein IIa/IIIb inhibitors, 64
  insulin, 128
  remifentanil, 355

E
Education
  paediatric intensive care nursing, students' view on assessment processes, 56
  ward-based critical care, *see* Ward-based critical care
Endotracheal tubes, *see* Intubated patients
Eptifibatide, 64
Expert witnesses, 73

F
Family, *see* Relatives/family/friends
Friends, *see* Relatives
Functional status after intensive care therapy, 138
Future perspectives, critical care nursing, 118

G
Glitazones, 189
Glycaemic control, *see* Diabetes
Glycoprotein IIa/IIIb inhibitors, 64

H
Haemofiltration, continuous veno-venous, paediatric ICU, 250
Health care assistants in intensive care, perceived function, 171
High-dependency patients, TISS for differentiating between ICU patients *and*, 19
High-dependency unit, paediatric, provision in UK, 109
Hypoglycaemic drugs, oral, 189

I
Insulin, 128
Intubated patients (incl. endotracheal tubes)
  description of patients' discomfort, 244
  oral appliance in management of tongue trauma, 302
Intubated patients, sedation protocol for children, 292

L
Leaving ICU, *see* Discharge
Lung (X-ray)
  atelectasis, 67
  bullae, 193
  oedema, 131

M
Mechanical ventilation, weaning from, 219, 272
Mouth care practice, 181

doi:10.1016/S0964-3397(02)00114-3
